

## ATTACHMENT G - PNEUMATIC CONTROLLERS

---

## Pneumatic Controller Affected Facilities

§60.5420(b)(5) and §60.5420a(b)(5)

Controller ID Number	Facility Name	State	Location	Make	Model	Month-Year Constructed	Month-Year Replaced
<p>REPORTING PERIOD 8/2/2018 TO 8/2/2019:</p> <p>i) CNX did not commence construction of any gas-actuated continuous bleed pneumatic controller affected facilities during the reporting period.</p> <p>ii) CNX did not commence construction for any gas-actuated continuous bleed pneumatic controllers utilizing the functional need exemption of 40 CFR 60.5390(a) during the reporting period.</p> <p>iii) No deviations occurred during the reporting period.</p>							

## ATTACHMENT H - PNEUMATIC PUMPS

---

## Pneumatic Pump Affected Facilities

60.5420a(b)(8)

Facility	Equipment Name	Method of Compliance	Professional Engineer Certification Attached?
REPORTING PERIOD 8/2/2018 TO 8/2/2019: i) CNX did not construct, modify or reconstruct any gas-actuated pneumatic pump affected facilities during the reporting period. ii) CNX does not operate any gas-actuated pneumatic pumps subject to NSPS 0000a; therefore, there are no changes to pneumatic pump affected facilities during the reporting period. iii) No deviations occurred during the reporting period.			

## ATTACHMENT I - DEVIATIONS

---

## Deviations

§60.5420(b)(2-4)(ii); (5-6)(iii) and §60.5420a(b)(2-4)(ii); (5-6)(iii)

Facility	Equipment Name	Explanation
CNX Gas Co LLC	Wells (see well completions record table)	Although the date was available, the times were not available for the report preparation for the following activities: - Time of the onset of flowback following hydraulic fracturing or refracturing; and - Time of startup of production.
CNX Gas Co LLC	Wells (see well completions record table)	Completions occurring during the 8/2/2017 to 8/2/2018 period were inadvertently excluded from the report submitted 10/31/2018. This report contains completions from that time period.

1. LDAR deviations noted on the LDAR Summary Table.
